

## The Design Process

Does the idea of designing something elegant leave you scratching your head? Are you seeking artistic creations that you won't find anywhere else? Do you want quality work on a deadline? If you said yes to any of the above, consider shopping with True~Blue's RHOyalties, Inc. We have a wide array of jewelry for all occasions, organizations, church groups, social clubs, family functions and more.

Perhaps the idea of a custom design is confounding to you. We take pride in helping our customers visualize their ideas and bringing them to fruition. Or perhaps you have a specific idea in mind and are captivated by the prospect of sketching it out with a professional. Our staff is comfortable evoking the spirit and style that embody a personalized creation.

Many of our customers choose a certain crystal before settling on the exact design. No matter what their specific needs, people who work with us for the first time are often surprised at the level of detail and personal attention we provide. Once the idea for your custom piece coalesces, the hard part is over and you can leave the rest to us.

Give us a call or email to set up an appointment or to inquire whether the design process is right for you. We can provide estimates, and after securing a deposit, start working on your custom piece. It is always our goal to combine your ideas and desires with our experience to create something you will treasure for a lifetime.
